# 2024-2025 Collection Calendar

Recycling, Garbage, & Yard Waste

# Mayor's Message

***"You cannot get through a single day without having an impact on the world around you."*** - Jane Goodall

The City of Windsor remains committed to making our community cleaner, greener, healthier and more sustainable. Each of us has an important role to play and is responsible for helping to protect and preserve our environment. Our individual day-to-day choices and actions directly impact our planet. The question becomes – what sort of impact do you want to have?

Windsor is at an inflection point, facing incredible economic opportunities and significant growth in jobs. With large-scale infrastructure projects like the NextStar EV battery manufacturing facility, Gordie Howe International Bridge, and new Windsor-Essex Acute Care Hospital underway in our community, we are seeing major investments in Windsor's economy, and the incredible population growth that comes with this evolution. With this expansion comes more stress on City infrastructure, increased demand for City services, and the need for an even greater collected effort to keep our community clean, green, sustainable and resilient.

As of the end of 2023, Windsor is one of a new class of 119 cities to receive top score on climate action from environmental impact non-profit CDP. We are actively implementing our Sewer and Coastal Flood Management Plan, supporting the growth of an EV cluster, and taking many steps to support a net-zero transition. We are also focused, as a City Council and City Administration, on our Food and Organic waste program, to be implemented in 2025. Folks can expect lots of helpful information on that program in the lead-up to its launch. These projects make a big difference in our community, and so can you as a valued resident.

This calendar provides important information and tips on what items can be recycled, and how to prepare them. Remember that recycling will change from a Municipal responsibility to a Producer responsibility as of the end of August 2024. While you should not see any difference in your collection, please call 311 if any concerns arise. We ask Windsorites to continue making positive strides in this area. We are all in this together, and I ask you to join me in the worthy cause to sustain the river and the land that sustain us. Thank you for contributing to a stronger community for everyone who calls Windsor 'home' today, and for all the generations to come.

Sincerely,

Drew Dilkens,  
City of Windsor Mayor

# Waste Disposal Information

- You will receive **WEEKLY** garbage collection. Your garbage day will be identified by a garbage can symbol. 
- **DO NOT** set out garbage prior to 7:00 p.m. on the day before your collection.
- **Street Collection:** Place at the curb/road edge.
- **Alley Collection:** Place on the ground or on a stand (no higher than 16") at the alley edge.
- Your time of collection can vary. Please place your garbage out the night before or **by 6:00 a.m. on your scheduled collection day.**
- If you have questions regarding your garbage collection (ie. – what is acceptable) please **call 311**.
- **Unacceptable Garbage - These items will NOT be collected curbside:**  
Renovation and construction debris, animal waste, grass clippings, yard waste, cardboard, fluorescent tubes/lights, household chemical waste, paint products, medical waste, syringes, tires, couches, concrete, asbestos, bricks, appliances, metal items & electronic waste. **Bring these items to the Public Drop Off Depot.**
- **Non Compliant Containers:** Do not place garbage out in containers that are **Oversized & Overweight**. Containers cannot weigh over 20kg/45lb.

## Acceptable Garbage Containers

125 Litres maximum size.

Garbage must be placed in bags inside a hard sided container.

# Missed Collections

Missed collections are upsetting, but there is usually a reason why material was not collected as expected.

To ensure your materials are collected, please make sure they are:

- In acceptable containers (see page 3). Garbage must be placed in bags inside hard sided containers.
- **Out by 6:00 a.m.**
- **Do not overfill containers or place bags on top of containers.**
- **Not altered.** Lids must not be tied to pails.
- Within the weight limit of 20 kg (45 lbs).
- Not hidden behind a vehicle, snow bank, or other obstruction.
- Material is not frozen in pails and /or containers.
- Free of prohibited material (e.g. hazardous or construction/renovation waste).

Other reasons for missed collections are:

- Recyclables not separated properly in Red/Blue Box.
- Syringes found in garbage pails or recycling boxes.
- Garbage/Recyclables/Yard Waste not scheduled for collection that particular day/week.
- Damaged containers/carts i.e. missing bar, wheels or handle.

If an item is not collected for reasons other than the above, please call **311**.

**TIP:** Put drainage holes in the bottom of your container to allow liquids to drain out.

# Not All Plastic is Recyclable

We wish we could recycle all plastics, but that would be *wish-cycling*.

Putting non-recyclable plastic in your blue box increases costs to you, the taxpayer. Help keep costs down by following the guide on page 2.

## Still not sure?

Use the “What Goes Where?” function on the Recycle Coach App, call 311, or visit [www.ewswa.org](http://www.ewswa.org).

## Other helpful tips:

- Plastic toys are NOT recyclable.
- Styrofoam is NOT recyclable.
- If it's a plastic container made to hold food or beverage, it's recyclable! If it's not, then it belongs in the garbage.

# Is It Really Garbage?

- On average, households in Windsor throw away 650kg (1,433 lbs) of garbage per year, taking up valuable space in our landfill.
- Donations to charitable organizations are a great way to avoid sending reusable items to the landfill. Before throwing out furniture, clothing, shoes, appliances or toys, consider donating to a local organization such as:

# Rat Extermination Program

Are Rats making it difficult to enjoy your yard?

Minimize interaction by following these simple steps:

- Ensure your garbage container is in good condition and has a secured lid.
- Eliminate sources of water in bird baths, ponds, etc.
- If you feed any animals outside, limit the length of time pet food is placed out.
- Keep your yard free of debris, unsecured garbage and rotting fruits/vegetables.
- If you suspect rats are living on your property, call **311** to inquire about City baiting services. Residential external baiting service only (Program subject to Council approval).

For more information on Nuisance Animals, please visit [www.wingsrehab.ca](http://www.wingsrehab.ca); [www.windsorhumane.org](http://www.windsorhumane.org), [www.ontario.ca/wildlife](http://www.ontario.ca/wildlife) or [www.owren-online.org](http://www.owren-online.org)

**DONATE**

If you have an item that you don't want or need anymore, and it's still in good condition - consider donating it. You can give your stuff a 'second life' by donating!

Donate: appliances, books, clothes, dishes, electronics, furniture, games, shoes, tools, toys, etc.
